"A team above all, above all a team"

Welcome Back y'all

Hope you've enjoyed the break

What an event filled season 2006/07 was for us. We saw Chief Coach Dave Evitts move to pastures new with the ASA, and then Rob Green-up the ladder, Jonathon Pre-stant Chief midway Dougall was appointed Group Coach over at East.

With all these changes happening, it was refreshing to see that one thing that didn't change throughout the season, was the team spirit, which consequently led to an ever more successful season. We had fantastic results at the National and Regional Age Groups, scooping the Top Club prizes there. We are extremely proud to announce we have a European Youth Champion and a British Age Group record holder, not to mention multiple National medallists. There will also be 5 swimmers gaining International honours at the latter part of the year, with 6 more attending Regional Development Programmes.

That's enough about last season though, you can read an in depth report that the coaches and committee have put together in the Gallica Squad Report, which will be released, on the website, to coincide with this newsletter, to see the success we had, and our outlook for future seasons!! We have 2007/08 to concentrate on now, and with your continued support I'm positive we can have even greater achievements!!
